

THE SUPPORT TO GROW YOUR BRAND

"Inception to Development" Support for Construction and Infrastructure Technologies

As your "accompanist," NikkoInnovatia fully supports technologies related to the construction and infrastructure fields, from inception to development.

Services

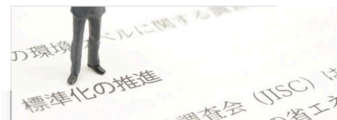

NETIS Registration Support

We support detailed registration procedures from preliminary technical consulting before starting the process to completion of registration.

[Learn More](#)

Minister Certification Acquisition Support

For fire-resistant building materials, we provide support from preliminary consulting aimed at ensuring successful performance evaluation tests through to certification acquisition.

[Learn More](#)

JIS Mark Certification Support

We support the "conformity assessment" procedures for products and services to obtain the JIS mark under the JIS Act.
